Adobe Acrobat Pro

Do business faster with Adobe Acrobat Pro.

Adobe Acrobat Pro is the complete all-in-one PDF and e-signature solution for business.

Adobe Acrobat Pro, licensed through the Adobe Value Incentive Plan (VIP), delivers secure, effortless productivity and collaboration as well as unmatched integrations with leading business applications from Microsoft, Google, and more. Whether your teams are onsite, remote, or hybrid, Acrobat Pro is designed to support modern work that delivers 100% digital document workflows across locations and devices.

Boost team productivity and collaboration.

Give your organization access to essential PDF tools and files on their desktop, mobile device, or web browser so they can stay connected and productive from anywhere. With Acrobat Pro, teams can:

- **Access PDFs across devices**—View and work on PDFs anywhere, anytime, on any device, including macOS, Windows, iOS, and Android—Liquid Mode optimizes viewing on small screens.

- **Work better together in Microsoft Teams**—Create, share, and collaborate on PDFs in Microsoft Teams.

- **Collaborate in real time**—Securely share PDF files online and collaborate with team members on a single digital document in real time.

- **Work smarter in productivity apps**—Access, edit, and store files directly in Microsoft OneDrive, Google Drive, Box, or Dropbox while working in Acrobat Pro on desktop or mobile.

- **Easily create PDF forms**—Scan documents on mobile devices to create digital fillable and editable forms via Adobe Scan (powered by Adobe Sensei).

- **Edit and sign anywhere**—Comment on, fill, and sign PDFs from a browser—no sign-ups or software required.

Work more efficiently in Microsoft applications.

Add timesaving PDF and e-signature tools to the Microsoft business applications your organization relies on. Give your teams the power to:

- **Do more in Microsoft 365**—Easily create high-quality, password-protected PDFs and send for e-signature directly from Microsoft 365.

- *Manage documents in Microsoft Teams*—Create, export, organize, combine, compress, and protect PDFs.

- **Convert PDFs to editable files**—Quickly convert PDF files to editable Word, Excel, PowerPoint, or RTF files, without tracking down or recreating the original files.

- **Work with documents in SharePoint and OneDrive**—Create, combine, and organize PDFs directly from SharePoint or OneDrive.

Add e-signatures to digital document workflows.

Powerful e-signature capabilities are now built into Acrobat Pro so your organization can conduct business faster with:

- **Unlimited transactions**—Sign and collect unlimited e-signatures and track responses in real time.

- **Bulk send**—Request legal, trusted e-signatures from multiple signers on one agreement.

- **Web forms and payments**—Create web forms to collect e-signatures and let customers make payments with Braintree (where available) in a single transaction.

- **Customized branding**—Send agreements with personalized branding to ensure customers have a consistent experience across touchpoints.

- **Tracking and archiving** —Get email notifications as soon as approvers sign, and maintain a detailed audit trail for every transaction.

Get unmatched security.

Acrobat Pro delivers enterprise-grade security and compliance. Protect systems and data across PDF and e-signature workflows and ensure compliance with:

- **Sandboxing**—Confine malware and untrusted data with sandboxing.

- *Mobility management*—Ensure work on mobile stays secure with best-in-class mobility management.

- **Passwords and redaction**—Control the information in your documents by adding password protection or redacting sensitive content.

- **Single sign-on (SSO)**—Securely integrate with existing corporate identity systems and authenticate users through single sign-on (requires Acrobat Pro for enterprise).

- **Asset encryption**—Get a dedicated encryption key for at-rest assets (requires Acrobat Pro for enterprise).

- **Continuous update**s—Access new features as soon as they are available and get regular security updates.

- **Ongoing industry compliance**—Keep your data safe with a PDF and e-signature solution that complies with ever-changing industry standards and regulations. For more information visit Adobe compliance certifications, standards, and regulations.

Simplify licensing, deployment, and purchasing.

With an Acrobat Pro subscription through Adobe's VIP buying program, it's easy to put the right tools in the right hands throughout your organization.

- **Streamlined purchasing and administration—**Consolidate all your Adobe subscriptions in one VIP agreement, and manage all your Adobe licenses in one place.

- **Simplified license management**—Assign, reassign, remove, and track licenses in just a few clicks with the web-based Adobe Admin Console, and add new licenses whenever you need them.

- **Flexible deployment**—Deploy apps and updates centrally, or let users self-install.

- **Virtualization**—Deliver secure remote access to Acrobat Pro with virtualization support for named user licensing.

- **Easy e-signature setup**—Easily manage users and settings for e-signatures.

- **Price protection**—Extend your license term for up to three years to keep budgeting predictable.

Get help from the experts.

From technical support to expert user sessions, Acrobat Pro delivers the help you need, when you need it, including:

- **Technical support**—Get advanced technical support 24 hours a day via phone, email, or chat.

- **Support case tracking**—Open and track support cases from the Admin Console with Acrobat Pro for enterprise.

- **Expert support**—Give team members access to free 1:1 sessions with Adobe product experts to get started fast or master advanced features.

- **Tutorials**—Provide teams with free online tutorials to learn the basics or refine their skills.

" We now have one centralized place to create and retain all documents for smoother transactions. It [used to] take several days to get signed paper copies back, but now we have them in minutes."

Korri Adams

Director of Global Vehicle Sales Operations, Ryder

Work with the trusted digital document leader.

Adobe invented PDF over 25 years ago and is the global leader in secure digital document technology. With more than 1,000 document-related patents, Adobe continuously pioneers new and updated standards for PDF documents and digital signatures. Adobe solutions help optimize digital workflows for preparing, protecting, sharing, and signing business documents. That's why organizations of all sizes rely on Adobe Acrobat and Acrobat Sign to accelerate business processes, maximize productivity, and deliver exceptional customer experiences.
